Tilson CEO Selected as Panelist at the NEDAS Fall Conference

Tilson announces that CEO Joshua Broder has been selected as an executive speaker at The Northeast DAS + Small Cell Forum's Fall conference, taking place on October 2, 2013 at the Kellogg Conference Hotel at Gallaudet University, located at 800 Florida Avenue N.E. Washington D.C.

Tilson Awarded U.S. Navy Seaport-e Contract

Tilson was one of a group of vendors awarded the Navy's \$5.3B Seaport-e contract.

TILSON ACHIEVES INC. 5000 RECOGNITION 3RD YEAR IN A ROW

PORTLAND, Maine --

Tilson, one of the premiere telecom construction and IT services companies in the U.S., has been again named to the 2013 Inc. 5000 list. This marks the third year in a row that Tilson has been named an Inc. 5000 honoree, this year coming in at #1348. "For 32 years, Inc. has welcomed the fastest-growing private companies in America into a very exclusive club," stated Eric Schurenberg, Editor in Chief of Inc. magazine. "Make no mistake: The Inc. 5000 was harder to get into this year than ever in its history... those are results most companies could only dream of in the economy of the past three years."

Tilson's mission is to serve its customers by building and transforming the information technology and communications infrastructure that enables great organizations to be creative, innovate, and deliver. With over 86 employees in 10 states serving commercial, government, telecom and utility customers across the country, Tilson is growing fast to meet the demands of customers deploying cloud software systems, cellular networks, and smart grids.

"We are honored to be in such great company with Inc. magazine's other awardees" stated Joshua Broder, Tilson's CEO. "Our team continues to innovate and deliver in the field, helping our customers make their projects go, and I'm incredibly proud of what they do."

About Tilson

Tilson is a 86 employee team of telecom and information technology professionals with a world-wide practice and offices in Portland, ME, Pittsburgh, PA, and Foley, AL. Tilson provides services to industry and government in:

- Technology capital project turn-around
- Information technology, including software development, project management, and information security
- Fiber optic engineering, permitting, and construction management
- Wireless site acquisition, construction, small cell, and DAS for mobile carriers, public safety, and smart grid applications

About Inc. Magazine
